Boiling Springs High School

Location and Buildings

The school is at Boiling Springs, Cleveland County, North Carolina. Boiling Springs, though incorporated as a town, is only a thickly settled country place. The section is noted for its beauty, for the general thrift of its people, and for the high moral and religious tone of its citizenship. It is an ideal place for a school of high grade.

The buildings consist of the following: Main building, containing a large and well-appointed kitchen; a dining-room for two hundred students, butler's pantries, store rooms, fuel rooms, bath rooms, and lavatories, all in basement story.

Upon the first floor are five recitation rooms, the library, the office, the auditorium, two music rooms, two parlors, two cloak rooms, and two society halls.

The other two stories of this building contain forty-four dormitory rooms for girls, each room having two closets. For the architectural appearance of this building the reader is referred to the two cuts in this catalogue, showing the front and rear views of the building.

There are three dormitory buildings for boys. One containing ten rooms and accommodations for twenty boys; another with five rooms, accommodating ten young men; the new dormitory, a handsome brick structure with wide corridors, has twenty-four rooms for boys.

History of School

The need of an associational high school has been recognized by many of the leading members of the Sandy Run and King's Mountain Baptist Associations for a number of years and had often been agitated in the sessions of the two associations. The Sandy Run was the first to take active

steps looking to the erection of such a school, but found some difficulty in selecting a satisfactory location.

The King's Mountain Association, at its session at Pleasant Hill in September, 1903, appointed a special committee to canvass the situation and report at the next meeting of the association "the wisdom and expediency of establishing and endowing a denominational high school for this Association alone or for this in connection with one or more neighboring Associations."

This special committee reported at the next session, which convened at Zoar, in September, 1904, in favor of such a school and recommended that a Board of fifteen Trustees be appointed at once to be grouped into three classes—first class, to serve one year; second class, two years; and third class, three years; and that the Association at each annual session thereafter elect five members to fill the places of those whose terms expire by limitation. The duty of the Board as provided for, was "to act as representatives of the Association, to acquire property by gift, purchase, or otherwise, collect funds and administer the same; select a site and erect buildings thereon for school purposes, employ and dismiss teachers and exercise all the duties and privileges commonly exercised by such bodies," and at an early date procure a charter from the State. The recommendations of the committee were adopted and a Board of fifteen Trustees appointed. The subscription books were then and there opened and several subscriptions received.

On October 10, 1904, the Trustees met in the Baptist Church in Shelby and organized by electing Rev. J. V. Devenny, chairman, and Carme Elam, secretary. Rev. J. V. Devenny was also appointed financial agent to solicit funds, which position he held till the Summer of 1907, when he tendered his resignation.

At a meeting on May 8, 1905, several propositions were received for the location of the proposed school. After careful deliberation, the Board selected Boiling Springs as the site for the school.

MUSIC ROOM

BOYS' DORMITORY

A meeting of the Board was held at King's Mountain on September 21, 1905, in connection with the annual session of the King's Mountain Association. At this session of the Association, a resolution was unanimously adopted inviting the Sandy Run Association to join the King's Mountain Association in erecting and operating the school, which had been located near the border line of the two Associations. A committee was appointed to meet with the Sandy Run Association at its October session and present the resolution.

The Sandy Run Association unanimously and enthusiastically accepted the invitation and appointed ten Trustees to act jointly with the fifteen from the King's Mountain Association in erecting and operating the school.

The first joint meeting of the Trustees of these Associations was held at Boiling Springs on October 27, 1905. At this meeting a basis of co-operation and a new set of by-laws were adopted.

At the meeting on November 13, 1905, the committee on buildings submitted plans for two wood structures not to exceed in cost \$5,000. After careful deliberation, the Board rejected this recommendation and decided to erect a brick building to cost \$10,000, and a building committee was appointed to take charge of the work. The committee appointed to secure a charter for the school reported at its meeting on April 27, 1906, that the duty had been performed and that the corporate name of the school was "Bolings Springs High School, Incorporated." The chairman reported that the Boiling Springs Church had executed a deed to the school for the land donated.

On June 1, 1906, the Board received the plans and specifications from the architect. The contract for the building was let, the work of construction began in the Spring of 1907, and was pushed from that time on with all possible dispatch until the building was completed.

Like all undertakings of this class, the work was hard on those who had the burden to bear, but the Board is justly proud of its achievement in having erected what is generally

conceded to be the best high school building in the state. Owing to the rapid advance in cost of material and labor, the total cost of the building, outside of furniture, reached approximately \$35,000.

The Board secured the services of Prof. J. D. Huggins in May, 1907, as principal of the school. With a full corps of excellent teachers, he opened school the following October in temporary quarters, where they remained until January 1, 1908, when a part of the new building was ready for use, but the teachers and students worked under very great disadvantages throughout the term.

In the Spring of 1909, Professor J. D. Huggins and Professor F. A. Brown were elected joint principals, which position they resigned at the end of the year. They were succeeded in the principalship in the Spring of 1910, by Rev. J. M. Hamrick, who accepted the position for one year only, preferring at the end of one year to return to the pastorate. The school made fine progress under his administration.

In the Spring of 1911, Professor W. J. Francis, an experienced educator, was elected principal, which position he held for a term of three years, resigning in April, 1914, to accept a position elsewhere. Under his able management the school continued to grow in popularity and usefulness among the friends of education generally.

In the Summer of 1914, Professor J. D. Huggins, who has been with the school from its opening, was re-called to the principalship and has recently been re-elected for the next year. Under his wise administration, the past year, all things considered, has been the most successful in the history of the school. The prospect for next year is even brighter than last.

Through the persistent efforts of the present principal, a system of acetylene lights was installed in the school buildings in the year 1912, and now furnishes excellent lights. By the diligent efforts of the Faculty and Board of Trustees a splendid steam heating plant and complete system of water works have been installed.

We are pleased to announce that the heavy debt, which once hampered the school, has been practically wiped out and the school turns its face to the future with radiant hopes. With fifteen thousand loyal Baptists in these two Associations behind it, and with friends of education in many other sections rallying to its banner, the future of Boiling Springs High School is assured.

Courses of Study

High School Course

FIRST YEAR

ENGLISH—Spelling: (Chew's) High School Speller. Composition: Three short themes a week. Literature (for study): *Snowbound*, *Evangeline*. (For reading): *Pilgrim's Progress*, *Robinson Crusoe*, American short stories. Grammar and composition, Buehler's.

LATIN—Forms stressed, simple sentences, etc. (Bennett's)

MATHEMATICS—Complete Arithmetic (Milne's Progressive), and First Steps in Algebra (Wentworth).

HISTORY—United States History reviewed and completed.

SCIENCE—Physiology and Hygiene.

SECOND YEAR

ENGLISH—Composition: Three short themes a week, Literature (for study): *Sketch Book*, *Vision of Sir Launfal*, *Sohrab and Rustum*. (For reading): *The Last of the Mohicans*, *Silas Marner*, *House of Seven Gables*, *Lives of Great English Writers*, etc.

LATIN—Reading: Review Beginners Latin; Book I of Cæsar's Gallic War (Bennett). Composition: Latin Grammar (Bennett); Latin Writer (Bennett).

MATHEMATICS—New School Algebra (Wentworth).

SCIENCE—Physical Geography.

HISTORY—English History and Civil Government.

PENMANSHIP.

THIRD YEAR

ENGLISH—Frequent themes. Literature (for study): *Idylls of the King*, *Merchant of Venice*, *As You Like It*. (For reading): *David Copperfield*, *Ivanhoe*, *Twice Told Tales*. History of English Literature (Long).

DINING ROOM

LATIN—Cæsar, three books. Grammar. Composition.

MATHEMATICS—High School Algebra (Milne).

HISTORY—General History (Myer's).

BIBLE.

FOURTH YEAR

ENGLISH—*Compositions Frequent themes, debates, etc.*
Literature (for study): *Julius Caesar, Deserted Village*. (For reading): *Talisman, Adam Bede, Pride and Prejudice, Lives of Great English Writers*, etc. Mythology.

LATIN—Four Orations Against Catiline, three books of Virgil. Grammar. Composition (Bennett).

MATHEMATICS—Plane Geometry (Wentworth).

PHYSICS—First Course (Millikan and Gale).

BIBLE.

FRENCH AND GERMAN—*Reading and Grammar. Forms stressed particularly.

English Scientific Course

The following course is arranged especially for the benefit of public school teachers and for those who wish to prepare themselves for the county examinations. A certificate of proficiency will be given to those who complete the course and those to whom this certificate is awarded should have no trouble in securing first-grade certificates.

FIRST YEAR

Grammar, United States History, Algebra, Arithmetic, Physiology, Spelling, including the sounds of letters; Reading and Writing.

SECOND YEAR

Rhetoric and Composition, Arithmetic completed, Algebra, Spelling, Physical Geography, North Carolina History, Civil Government.

* Optional.

THIRD YEAR

English History, English, Composition, etc. Algebra
Spelling, Phonics, Bible, Current Events.

FOURTH YEAR

English, Composition, etc. General History, Geometry,
Physics, Pedagogy.

Preparatory Department

Believing that the mastery of the fundamental subjects, largely determines the success or failure of the student, every effort is made to prepare him thoroughly for the more advanced work.

FIRST YEAR

Spelling and Defining, North Carolina History, Arithmetic, Grammar, Geography (North America), Reading.

SECOND YEAR

Spelling and Defining, United States History, Arithmetic, Grammar, Geography (Europe, Asia, Africa and Australia).

Commercial Department

This course will be given only to those who show an acquaintance with the use of the English language. It will comprise instruction in Bookkeeping, Penmanship, Letter-writing and typewriting. A certificate will be given those who complete the course.

Expenses

Board

Board is furnished on the club plan, thus securing the best board at the least possible cost. The students take their meals at the same table with the teachers. Board in the club practically at cost is estimated at from \$6.00 to \$6.50 per month. Each boarder must deposit \$6.50 on entrance. At the end of each school month he is required to pay his proportional part of the board, and the \$6.50 deposited at the beginning of the term is used in payment of his board for the last month, and any part remaining is refunded to the pupil. This is done simply to guard against loss to the boarding pupils.

A fee of \$2.00 is required for damage to furniture, to be refunded in case no damage is done.

Room Rent

A charge of seventy-five cents per month will be made for room rent for girls in the main building, and rooms will be assigned in order of application, and those applying first will have choice of rooms.

In the boys' dormitories a charge of fifty cents and seventy-five cents will be made per month for rooms. Occupants will be held responsible for damage done to their rooms or furniture. The boys' rooms will be inspected daily by the Matron.

Rooms are equipped with all necessary heavy furniture, but boarding pupils will furnish buckets, dippers, wash basins, towels, soap, sheets, blankets, comb and brush, and pillows.

Lights and Heat

A splendid acetylene gas plant furnishes light for all the buildings. Students charged fifty cents per month for lights. Steam heat is furnished at \$1.00 per month during the winter months or \$5.00 for the year.

Tuition

Tuition for the Preparatory Department will be from \$1.50 to \$2.50 per month, and in the High School Department from \$3.00 to \$3.50 per month, payable monthly. Juniors and Seniors, \$3.50 per month; Freshmen and Sophomores, \$3.00 per month.

Summary of Charges

LITERARY DEPARTMENT

Table board, averaged \$6.32 per month during 1915-1916.
Tuition in Preparatory Department, from \$1.50 to \$2.50.
Tuition in High School, from \$3.00 to \$3.50.
Room rent from fifty to seventy-five cents per month.
Steam Heat \$1.00 per month, or \$5.00 per entire year.
Incidental Fee, twenty-five cents per month.
Lights, fifty cents per month.
Enrollment Fee, \$1.00 to be paid on entrance.
Library Fee, fifty cents for the year, payable on entrance.
Graduating Fee, \$2.00
Contingent Deposit, \$2.00 for damage to furniture or rooms, to be returned in case of no damage.

MUSIC DEPARTMENT

Tuition in Music Department, vocal or instrumental, \$3.00 per month.
Piano Rent, fifty cents per month for one hour's practice per day.

DOMESTIC SCIENCE DEPARTMENT

Tuition in Department of Domestic Science, \$2.00 per month.
Fee for materials used, \$2.00 for the year.

ART DEPARTMENT

Tuition in Art Department, \$3.00 per month.

SENIOR CLASS

MINISTERIAL CLASS

COMMERCIAL DEPARTMENT

Tuition in Commercial Department, \$2.00 per month. Type-writer rent, 50 cents per month for one period per day.

UNIFORMS

Uniforms for young ladies will cost from \$10.00 to \$13.00.

Terms

All bills are payable at the end of each month, and those unable to pay cash must give negotiable notes, or make other satisfactory arrangements. No pupil is allowed to graduate who is in arrears with the school.

Theory. Instruction is given in chorus work once a week. All voice pupils are required to join this class, and the privilege is extended to piano pupils as well as to pupils who study no branch of music. The course is arranged to cover four years, and is divided into practical and theoretical, and upon its completion a certificate of music is awarded.

PIANO

The aim of this department is to train the fingers and brain to develop a technical skill and also to cultivate an understanding and a proper appreciation of musical language. Special attention is given to good technique. Position and movement of fingers, wrists and arms are explained.

REQUIREMENTS FOR GRADUATION

Selections from the following outlines or equivalents:

Grade I—Standard Graded Course of Studies, W. S. B. Matthews, Book I; A Pleasant Beginning and Other Tunes, by Lynes; First Studies in Piano Playing, G. W. Bryant, Book I.

Grade II—First Studies in Piano Playing, G. W. Bryant, Book II; Standard Graded Courses of Studies, W. S. B. Matthews, Book I; Select Czerny Studies, E. Liebling, Book I; Kuhner Studies, Book I; Kohler Studies, Op. 157; Short Exercises for the Equal Training of the Hand, Bernard Wolff, Op. 191; Lamoine's Studies, Op. 37, Books I and II.

Grade III—Selected Czerny Studies, E. Liebling, Book II; Duvernoy, Op. 120; Studies by Hoffman; Concone, Octave Studies; Kuhner, Book II; Heller's Selected Studies.

Grade IV—Studies from Loeschhorn, Op. 66; Bach's Two-Part Inventions; Petersilea Studies; Wilson G. Smith's Thematic Octaves; Czerny, Op. 299 and Op. 636; Kuhner, Book III; Cramer Studies, Book I; Foote's Preludes.

Technic—To meet the technical requirements, candidates must be able to reach the following minimum speed: Scales—Chromatic and all major and minor scales, two and four octaves, two, three and four notes to a count, M.M. 90. Ar-

ART CLASS

peggios—Triad (maj., min., aug., dim.), and dim. and dom. sevenths in all keys, in sixteenths, quarter note to a count, M.M. 60. Octaves—All maj. and min. scales in octaves, in sixteenth, quarter note to a count, M.M. 50. Chords—Triad chords in all keys, a quarter note, M.M. 50. Trills, one, two, three and four notes to a count, M.M. 100, in all maj. keys.

Classes—Candidates for certificates must attend Ear Training, Sight Playing, Harmony, and Technic Classes, study History one year, and pass examination on same. A chorus class meets once a week. All students of voice or piano are required to attend.

Teaching—Must be able to demonstrate conclusively a thorough understanding of "How to Teach" in the first three grades.

Students will be taught the correct use of pedal.

VOICE CULTURE

It is the aim of this department to teach every branch that will aid the proper cultivation of the voice. The course includes such exercises as will teach the pupil the use of the vocal organs, the control of the breath, the flexibility of the voice, distinct enunciation, and application of words to music. Songs will be given suitable for the home circle, church requirements, and concert stage.

Pupils who expect to graduate in Music must have completed the prescribed course in the literary department with the exception of the last year's work in Mathematics, otherwise they will be given a certificate of proficiency.

Department of Art

No education is complete, in a liberal sense, which does not include a practical knowledge of drawing and an acquaintance with the principles and history of art. Realizing this, a large and well adapted studio on the first floor of the main building has been furnished with models, easels and such material as is necessary for art work.

The system of instruction is the same as that adopted by the leading instructors of the day. It seeks to develop originality and encourage the individuality of the student. "Art is Nature, better understood." The student is taught to study Nature.

The following branches are included: Object drawing in charcoal, lead pencil, crayon, pen and ink; still-life and fruit, flowers, foliage, from nature, in oil, watercolor; pastel; tapestry painting; landscape painting in all the mediums; studies from life.

In the Senior year a thorough course in Art History is given, including Architecture, Sculpture, Painting.

The course covers three years and is so arranged that a student progresses from simple to complex, learns to represent the forms and aspects of objects faithfully, and acquires facility in handling the various mediums.

An exhibition of each year's work will be held during the week of Commencement.

Domestic Science

MISS PANGLE

The object of this department is to give young women the scientific and practical instruction that will enable them to become efficient housekeepers and home-makers, or to those who wish a thorough knowledge of the technical subjects and related sciences that will enable them to become matrons and housekeepers in public or private institutions.

General Information

Medals

Declaimer's Medal—Some friend of the school gives annually a medal to the best declaimer in the Freshman and Sophomore classes.

Reader's Medal—A nice medal is provided each year by some friend of the school for that young lady who is adjudged the best reader in the annual readers' contest.

The Society Medals—The Athenian Literary Society awards a medal to that member who makes the most improvement in debate, and one to the best debater. The Kalagathian Literary Society awards one for improvement in debate, and one to the best debater. The Athenian and Kalagathian Literary Societies give jointly a medal to the best orator in the Junior and Senior classes. Irregulars who have three or more studies in the two higher classes shall be eligible to the orator's medal, but not to the declaimer's medal.

Only those who are in actual attendance and who have been regular students of the school and active members of one of the literary societies for at least five months preceding contests for medals and honors, and who shall have made passing grades, shall be eligible to contest for medals and honors.

Literary Societies

There are four well organized Literary Societies—the Athenian and Kalagathian for boys, and the Ramsaur and Kalliergeonian for girls. Each of these societies hold regular weekly meetings, and are doing most excellent work. All high school students are required to join.

Grading and Reports

Daily recitations are marked on a scale of 10. Monthly grades are made on a scale of 100. Written examinations will

be held at the end of three months or at the completion of a subject. All marks given during the month enter into the final grade for the three months' work. The minimum grade for passing is 75 per cent. Reports will be sent to parents and guardians at the end of three months.

Uniforms

The young women are required to wear uniforms, and those who take part in any public exercise will be required to wear a simple white dress made of a cotton fabric.

The attention of parents and guardians is called to the fact that this will make the clothing of their children and wards much less expensive.

Library and Reading Room

The school already has a good working library, including reference works, dictionaries, fiction, history, science, etc. The reading room is furnished with some of the leading magazines, daily and weekly newspapers. One of the students is appointed to take charge of the library and reading room. Students are required to spend some time daily in the library and reading room. Parallel work will be required of all students.

Y. M. C. A. and Y. W. C. A.

The young men and young women meet separately every Sunday afternoon in a Y. M. C. A. and Y. W. C. A., respectively, and conduct interesting and benefitting services. All students are encouraged to attend and participate in these meetings. Prayer meetings are held separately in young men's rooms on Monday night, and young ladies' on Wednesday night. Regular church prayer meeting every Thursday night.

The Influence

It is the intention of the school that intellectual development and moral culture shall go hand in hand.

School is opened daily with devotional exercises, which all students are required to attend.

BASKET-BALL TEAM

BASEBALL TEAM

TENNIS CLUB

All students are required to attend Sunday school and church services. The young men of the Y. M. C. A. and young ladies of the Y. W. C. A. co-operate with the Faculty in every effort to strengthen a high moral sense in all and bringing every influence to bear that makes doing right easy, and doing wrong unpleasant.

In addition to the school influence, the morals of the community are unsurpassed, and the school enjoys the co-operation of the good people here in elevating the young people.

Athletic Association

The school has suitable grounds for basket-ball, tennis and baseball, and outdoor sports are encouraged, but will not be allowed to interfere with the student's progress in his studies.

We do not believe that the highest aim of a school is found in athletic life, and yet we are aware that the body must receive a reasonable amount of exercise in order that the mind may be active. We believe that athletics under limitations is conducive to good scholarship. To this end local baseball, basket-ball, football, tennis and other games are encouraged. But, since character and scholarship constitute the ultimate aim of the institution, we could not consent for those defective in moral character to represent the school abroad. However, a few games with other schools may be allowed, provided all participants obtain a satisfactory grade in deportment, and passing grades in scholarship, have permission from parent or guardian, and observe such other regulations and limitations as the faculty may deem wise. Our experience and observation is that such regulations put a premium on scholarship, and induce many careless young men to form studious habits.

Discipline

The aim of all true discipline is self-control. This result is most advantageously secured through the training of the judgment, the elevation of the ideals, the development of the powers of recognizing and obeying conscience, and the cultivation of honor. It is assumed that the students who enter this school

are ladies and gentlemen; therefore, rules and regulations are reduced to a minimum, only such being formulated as are necessary for the general good of the students themselves. These, however, will be enforced kindly but firmly, and those who at any time find themselves unable to abide by them are earnestly requested to sever their connection with the school.

Each member of the Faculty of the institution considers that his position imposes a sacred trust as responsible as that of the home, and supplemental to it. In all matters of discipline, therefore, both the good of the individual student and the influence of that student upon his fellow-students must be taken into consideration. Those who persist in doing things detrimental to the interests of the school, will, if they do not change, be asked to withdraw from the school.

A few of the underlying principles of discipline are hereby given in order that parents may know what to expect of the school:

1. The purpose of the school is to combine the influence of culture and moral training with the advantages of intellectual discipline.

2. It is expected that every student will appreciate the advantages offered and will courteously observe the regulations found necessary for the "greatest good to the greatest number."

3. The Bible is considered the only safe text-book in moral training. Every student is earnestly urged to make its principles his rule of life and conduct.

4. Those who avail themselves of the advantages of this school, founded in the prayers and by the sacrifices of Christian men and women, are expected to accord reverence to the natural expressions of Christian thought and action. Personal belief in all forms of truth presented may not be expected in these days of free inquiry, but a reverential attitude toward truth is a moral prerequisite to the special advantages which the Christian school offers above other schools.

Therefore the following requirements are made:

1. In deportment, each student will be expected and required to be faithful in work, prompt and regular in the per-

formance of all school duties, and in their relations and intercourse with their teachers and their fellow-students to cultivate and practice those courtesies recognized by ladies and gentlemen.

2. The use of alcoholic drinks, card playing, gambling in any form, swearing, wilful disobedience or any gross immoral conduct will not be tolerated.

3. Smoking is forbidden except in one's own room, and the use of cigarettes is forbidden at all times.

4. All boisterous conduct in the halls and rooms is forbidden.

5. Students will not be allowed to keep firearms while connected with this school.

6. Visiting during study hours is forbidden.

7. No secret societies will be allowed among the students, and no organization will be permitted that has not been approved by the Faculty.

When students are admitted to the privileges of this school, they subject themselves to the terms and regulations published in this catalogue.

At any time, when it is deemed best for the interest of the school, the Faculty will amend or change any requirement or regulation, or if they deem it wise, will suspend any requirement made.

General Regulations

Each student is required to be punctual and regular in attendance on recitation and chapel exercises, and is expected to yield a strict compliance with all class requirements.

Unnecessary absence from the school during the term cannot be allowed. It not only interferes with the student who is absent, but also with those of the class to which he belongs, and with the good order of the school. Leave of absence, therefore, will be granted only upon evidence of illness or other imperative necessity.

Visitors cannot be received by pupils during study hours or later than 9:30 o'clock at night.

Young lady boarders will not be allowed to visit without an accompanying teacher, and then only at the discretion of the Principal.

Young ladies will not be allowed to visit while leaving or returning to school, and if they do so, the school will bear no part of the blame.

When students are placed in this school, its laws must prevail, and parents are not expected to interfere by calling their children away and directing their movements during the term.

The young men of the literary societies, realizing the growing evil of hazing in school, passed resolutions against it, and the Trustees at their annual meeting passed similar resolutions. It gives us pleasure to say to the public that there will be no hazing.

No reduction will be made on bills, except for illness.

Boarding Accommodations

As noted elsewhere, there are dormitory rooms in the main building for eighty-eight girls, and in the three dormitories for boys there are rooms for seventy-eight boys—two to each room.

The girls will be under the watchcare of the Lady Principal, and all students will be under the direction of the Principal.

The boarding department will be under the direct management of Principal and Matron, and will be run on the club plan, and board will be furnished at as low a figure as possible.

The privileges of the boarding department will be withdrawn from those who fail to meet the requirements of the school.

Advice to Parents

A clear statement of expenses will be found on another page of this catalogue. *Parents are urged not to give their children more money than is absolutely needed to meet school expenses.*

If you wish your children to leave the school for any purpose, please write the Principal to this effect.

Students who make accounts with merchants without the

KALAGATHIAN AND KALLIERGEONIAN OFFICERS

HALL OF KALAGATHIAN AND KALLIERGEONIAN LITERARY SOCIETIES

consent of parents given to the Principal may count on punishment, and merchants who credit will lose thereby.

If parents wish their children to make accounts with merchants they will please write the Principal to this effect.

Inform the Principal promptly in regard to any ground for complaint and do not jump to quick conclusions. Most complaints are written home in a moment of anger. If young people have their seasons of dissatisfaction at home where the family ties are stronger, how much more natural at school, where there are so many and diverse conditions.

Write us freely about your children. If anything goes wrong at the school, from your point of view, tell us all about it in a plain, frank way, and we will do our best to correct at once any wrong, real or imaginary.

Parents who do not control their children at home need not expect the best results at school. It is generally those children who give trouble. Bear this in mind.

Parents are urged not to call pupils away from school at end of week. The day before going home is practically lost, and also the day after returning. Thus two-fifths of the time, or forty per cent. of the week, is lost, besides the confusion arising therefrom.

Boiling Springs is connected by telephone with all surrounding towns.

Telegraph messages intended for the school, sent to Shelby or Lattimore, will be telephoned to Boiling Springs.

Directions

1. All students are urged to enroll on Tuesday, August 8, 1916.
2. Lattimore is the most convenient railroad station. Telegrams sent to the school will be delivered from Shelby or Lattimore.
3. The rooms in the dormitories are furnished with heavy furniture. Each student should bring pillows, bed linen, covering, towels, buckets, table napkins, and comb and brush.
4. All laundry should be marked plainly with indelible ink.

5. Special attention is called to terms and table expenses, as noted elsewhere.

6. Do not call pupils, unless it is important, during school hours. The telephone is a nuisance when it is not used in the right way. Pupils must have permission to use the telephone, and a great many times pupils cannot be found easily. Call before 8:30 A.M., or after 4:00 P.M.

7. Young ladies who enroll in this school are under its control, and will not be allowed to visit either while leaving or returning for the holidays or any other times, without a teacher, and those who do so will not be allowed to enter until parents are notified.

8. No pupil will be allowed to leave school without permission from home. Those who do so will be punished, or otherwise dealt with.

NOTICE

We wish our friends to consider the claims of those
advertising with us in this catalogue. They
are all worthy of your confidence
and patronage. Let us help
those who help us.

Meredith College

A College with Superior Advantages

Provides four years of thorough, yet pleasant, college work for young women. B.A. Degree. Courses in Home Economics leading to B.S. Degree. Department of Education. Junior College diploma on completion of first two college years. Entrance on 14-unit basis.

Diplomas in Art and Music, covering usual branches. Four-year course to train supervisors of Public School Music. Teachers' course in Art.

Six buildings. Modern class rooms and laboratories. Library of 5,000 volumes. State and Olivia Raney Libraries available.

Systematic training in Physical Education under competent director. College physician and nurse.

Numerous and important advantages from location in State Capital.

Literary course per year, including tuition, board, furnished room, physician, nurse, and all minor fees, \$171.00 to \$225.50.

Next session will open September 12, 1916.

MEREDITH ACADEMY

Offers last two years of high school work.

For Catalog or Special Information, Address

President CHAS. E. BREWER

Raleigh, N. C.

Your friends can buy anything you can give them—except your photograph.

Kodak finishing for amateurs.

Frames made to order.

School and college work a specialty.

DEALERS IN

General Merchandise

Boiling Springs, N. C.

One of the five stores in the county that handles school books. As we have no rent to pay, do our own work, and have a buyer of thirty-five years' experience, we are enabled to give more goods for same money; same goods for less money.

Furniture, plows, buggies, barbed wire, salt, flour, and several other things, bought in car-load lots. Students are invited to visit us, and get the benefit of bargains and polite treatment.
